

FACT of the WEEK

$$6 \times 6 = \underline{\quad}$$

"GROUPS OF"

HINTS:

1. $5 \times 6 = 30$, so add one more group of 6 and $30 + 6 = \underline{\quad}$

2. $3 \times 6 = 18$, and another $3 \times 6 = 18$, so $18 + 18 = \underline{\quad}$

FACT of the WEEK

$$7 \times 6 = \underline{\quad} \text{ or } \underline{\quad}$$

"GROUPS OF"

HINT: $5 \times 6 = 30$ and two more 6's are 12, so $30 + 12 = \underline{\quad}$

$$6 \times 7 = \underline{\quad}$$

"GROUPS OF"

HINT: $3 \times 7 = 21$ and another $3 \times 7 = 21$, so $21 + 21 = \underline{\quad}$

FACT of the WEEK

$$8 \times 6 = \underline{\quad} \text{ OR}$$

"GROUPS OF"

HINT: $4 \times 6 = 24$ and another $4 \times 6 = 24$, so $24 + 24 = \underline{\quad}$

$$6 \times 8 = \underline{\quad}$$

"GROUPS OF"

HINT: $5 \times 8 = 40$ and add one more 8, $40 + 8 = \underline{\quad}$.

FACT of the WEEK

$$9 \times 6 = \underline{\quad} \text{ or } \underline{\quad}$$

"GROUPS OF"

HINT: $10 \times 6 = 60$, so take away 1 group of 6 and $60 - 6 = \underline{\quad}$

$$6 \times 9 = \underline{\quad}$$

"GROUPS OF"

HINT: $5 \times 9 = 45$, so add one more 9 and $45 + 9 = \underline{\quad}$

FACT of the WEEK

$$7 \times 7 = \underline{\quad}$$

"GROUPS OF"

HINTS:

A. 5×7 is 35, and two more 7's are 14, so $35 + 14 = \underline{\quad}$

B. Think football and the San Francisco 's
NFL team name

FACT of the WEEK

$$8 \times 7 = \underline{\quad} \quad \text{or}$$

"GROUPS OF"

HINT: $4 \times 7 = 28$ and another $4 \times 7 = 28$, so $28 + 28 = \underline{\quad}$

$$7 \times 8 = \underline{\quad}$$

"GROUPS OF"

HINT: $5 \times 8 = 40$ and two more 8's are 16, so $40 + 16 = \underline{\quad}$

FACT of the WEEK

$$9 \times 7 = \underline{\quad} \text{ Or}$$

HINT:

$10 \times 7 = 70$, so take away 1 group of 7 and $70 - 7 = \underline{\quad}$.

$$7 \times 9 = \underline{\quad}$$

HINT:

$5 \times 9 = 45$, and two more 9's are 18, so $45 + 18 = \underline{\quad}$.

FACT of the WEEK

$$8 \times 8 = \underline{\quad}$$

"GROUPS OF"

HINTS:

1. $5 \times 8 = 40$, and three more 8's are 24, so $40 + 24 = \underline{\quad}$
2. $4 \times 8 = 32$, and another $4 \times 8 = 32$, so $32 + 32 = \underline{\quad}$.

FACT of the WEEK

$$9 \times 8 = \underline{\quad} \text{ OR } \underline{\quad}$$

"GROUPS OF"

HINT: $10 \times 8 = 80$, so take away 1 group of 8 and $80 - 8 = \underline{\quad}$

$$8 \times 9 = \underline{\quad}$$

"GROUPS OF"

HINT: $4 \times 9 = 36$, so another $4 \times 9 = 36$ and $36 + 36 = \underline{\quad}$

FACT of the WEEK

$$9 \times 9 = \underline{\quad}$$

"GROUPS OF"

HINT:

1. $10 \times 9 = 90$, so take away one group of 9; $90 - 9 = \underline{\quad}$
