

Birthday Baskets – Beginning of the Month

**Grade K
OCTOBER
or Month 2**

We need to bring down this month's basket to put by the Calendar. Is this month's basket at the beginning or end of our lineup of months?

Let's say our months of the year and clap when we get to this month named _____. How many months to get to this month?

When we look at this month's basket, how many birthday packages do we see for this month of _____?

Do you see any cylinder shapes? If so, how many? How can you tell?

Do you see any rectangular box shapes? Are any of them special with squares on all sides? If so, they are called cubes. How many?

Are there *more* or *fewer* cubes than cylinders?

Who will have the first birthday this month? Who will be next?

_____ has the first birthday this month on _____. Can you figure out the space on our Calendar that should get her (or his) Birthday Present marker?
