Birthday Packages – Beginning of the Month

Let's name the months of the year beginning with January. Let's do it again and stop on our new month, October. How many months did we name?

How many birthdays do we have this month? Is that the same number as last month? More than last month? Fewer than last month?

Which birthday package has the most tags? The least?

Are there any months with no birthdays or zero birthdays?

If October 1st is in this space on the Calendar, where do you think _____ will need to place his tag to mark his birthday on October _____?
