

## **Calendar – Middle of the Month**

**Grade 1  
OCTOBER  
or Month 2**

---

What do you notice about the Calendar pieces so far? What patterns do you see?

---

What color do you think today's piece will be? What shape will it be? What makes you think this? Let's see.

---

Today is what day of the week? What is today's date?

---

What will the color be on tomorrow's Calendar piece? What will the shape be? If you would like to tell us why you think it will be a \_\_\_\_ shape, raise your hand.

---

How many birthday markers are still coming up on our Calendar? How many have we passed and are back on our October package? How many in all?

---

How many days until our next birthday? What color and shape will it be?

---

---
