

## **Calendar – Beginning of the Month**

**Grade K  
NOVEMBER  
or Month 3**

---

What month are we taking down and saying goodbye to? (October) Can you say each number as we take down our October pieces? (1, 2, ...31)

---

Let's put our October Birthday Basket back into our line-up of Birthday Baskets. Can we name all of our birthday baskets up to our new month, and clap on November? (January, February, March...November (clap))

---

Today is what day of the week? What day of the week will tomorrow be? Will tomorrow be a school day or a "stay-at-home" weekend day?

---

We've put our November Birthday Basket by the Calendar. Who will have the first birthday this month? Where should the first Birthday marker go on the Calendar?

---

Who's birthday will be next? Where should the next Birthday Present marker go? How did you figure that out?

---

What is the color and what is the name of the shape on our first calendar piece of the month? The color and shape on the next calendar piece?

---

Can someone tell us the name of the shape of our first Birthday Present marker? Is it a rectangular solid or a cylinder?

---
