

## Question Starter Card

### Daily Depositor – Beginning of the Month

Grade K  
NOVEMBER  
or Month 3

---

What do you notice that is *different* about our Depositor this month?

---

How many spaces are on the grid? How did you know this?

---

If we need to get out enough stamps to match the number on our Calendar today, how many stamps do we need?

---

Is our number of stamps *the same* or *equal* to the number of pieces we have on our Calendar? How can we be sure? (Match them one-to-one, count them, put both into groups of five and leftovers.)

---

Can you figure out how many stamps are in the grid without counting every one?

---

*How many more* do we need to fill in all ten spaces?

---

---
