Coin Counter – Beginning of the Month

**Grade 1
DECEMBER
or Month 4**

How can you be sure today's coins add up to ___ cents?

How many coins do you see?

How many more pennies do we need to get our next nickel? How much will we have on that day? How do you know this?

How many nickels and pennies will we have on December 11th? December 15th?

If we lost 1 penny out of the Coin Counter, how much money would we have? If we lost the nickel, how much money would we have left?

If you had today's coins and I had a set of today's coins, too, how many nickels and how many pennies would we have together? How much is this?
