How many stamps have we collected so far? How did you know that without counting? (I saw a full ten grid and seven more.) How do we write today's number? (One group of ten and seven extra ones.)

How can we know there are seven stamps in the grid on the white side without counting every stamp? (Five on the top and count two more, **5**, 6, 7)

How many more days until we have our next full grid of ten?

If we spread out our supply of lose stamps that we haven't put up yet onto the rug, what do you notice about the stamps? (Some have flowers; Some have people; Some have flags; and so on.)

Yes, some do have _____. Do they all have _____? Let's put the stamps that have ____ in one pile and the ones that do <u>not</u> have _____in a different pile? How have we sorted the stamps? Which group has more? Which group has fewer stamps?
