

edonline.net features

- ✓ Accessible on all devices.
- ✓ Video and email consults with Every Day Counts® co-author Jan Gillespie.
- ✓ Monthly color photos to preview elements and speed set-up.

Grade 5 Aug/Sept Counting Tape & Daily Decimal

- ✓ Monthly question cards jumpstart rich discussion school-wide.

Question Starter Card - Day 14. See Every Day Counts 2005 edition, page 25 for additional questions.

Counting Tape & Daily Decimal Mid-month	Grade 5 AUG/SEPT
What fraction of the whole square is shaded? (14 out of 100 or 14 hundredths)	
How many different ways can we record this fraction or portion? (see photo)	
How many tenths are within 14 hundredths? (one tenth)	
When we write 14 hundredths as a decimal (0.14), what is the value of each digit? (zero or no wholes, one tenth, four hundredths)	
Can you please explain to your neighbor how 14 hundredths can be the same as one tenth and four extra hundredths? Would someone share with the class?	
Which is greater 0.1 or 0.14? (0.14, since it is 4 more hundredths than a tenth)	
Which will be greater 0.2 or 0.14? (0.2, since it will be worth 20 hundredths, which is greater than 14 hundredths; or 0.2, since it is 2 tenths and the number 0.14 only has 1 tenth within it, etc.)	

edonline.net

edonline.net benefits

Speed Monthly Set-Up & Promote Grade-Level Collaboration

Monthly Team Planning Sessions, Aug. thru Dec.

Grade level teams can use edonline.net together to prepare and plan ahead for each month's Every Day Counts elements, by viewing photos, summaries, and downloads of question cards to guide daily discussions. Teachers can email questions to the author or set-up real-time online consults.

Convenient Access from School and Home

K-5 teachers have access to edonline.net support from school or home on any device. This can be helpful to new hires and experienced Every Day Counts users alike, building consistent Calendar Math use school-wide.

New Hires & Grade Level Changes

Provide team collaboration. Assist grade level team members who are new hires or have changed grade level.

Sustaining or Introducing Every Day Counts

Purchase PRINT PK-5 Calendar Pattern Pieces and PK-3 Teacher Guides (©2023) from Gillespie Kanter Group, LLC at payhip.com/EveryDayCounts. For help creating other display items email Jan@gillespiekanter.com

*School Site Registration Instructions:

Choose one contact person from your school to fill-out the reg form and a Purchase Order for School Site Fee (or use credit card options). Upon receiving your school's registration, we will send an email to the contact person with log-in instructions for the principal and teachers.
